“ So sorry to hear this. Oh what A character! Spent many a great times at West Virginia University with Alfred. One of the funniest dudes I have ever hung out with. Great stories for life! Rest in peace Alfred.

“ Alfred was a good guy. He helped the people in his neighborhood with various chores and running errands. He checked up on our family to make sure everyone was OK. He was alot of fun. He was always ready for a cookout and having a few beers. He was a master heckler and poked fun at all of our friends. There was always alot of laughter when Alfie was around. He will be missed.

MW

*We all are given certain abilities and Alfred was a natural, awesome swimmer. He was very knowledgeable about sports. As Jacki wrote he was funny poking fun at friends. He might have saved his last and best for me. Alfred invited me and a few friends for pizza after losing a great friend, Greg Rymer. I had been growing a beard during this covid shut down for a year and it was getting pretty long. I was hoping to achieve wizard status. We of course were having fun and Alfred said, " You look like a goat." Hilarious! I will really miss you Al!*

*We share the collecting habit and had a lot of fun together. Al was a great guy who helped fellow collectors like myself. He shared his knowledge and friendship and I will really miss him. RIP dear friend Rick Rubis*
