I am a former student of Dr. Saleeb. I have many fond memories of him teaching structures courses at the undergrad and graduate level. He is a brilliant man and will be missed.

God blesses his soul.

Anis Shatnawi - July 16, 2022 at 03:11 AM

KL

I'm the first PhD student of Dr. Saleeb when he started his teaching career at University of Akron in 1984. I took his structure stability class. He is very smart, clever, and brilliant not only in teaching but also conducting research work. I'm so lucky to have Dr. Saleeb as my advisor. RIP!
