“ *It was a big surprise to learn of Dan's passing. I met Dan for the first time while providing UXO support for a job at Pickatiny Arsenal a few years ago. Dan was 'one-of-a-kind' and I will miss our periodic interactions. Dan, wish you 'fair winds and following seas'.... Kathy*

“ *Met Dan over 30 years ago at Shippingport...He was one of a kind. Brilliant guy. Introduced me to pro hockey. Saw countless Penguin games with him over the years and had a blast. Never forget the time he brought aerial fireworks up to a job I was at in Michigan for 4th of July. Boy that didn't go well. Kept in touch best we could over the years. Dan attended my youngest brother's wedding which was the last time I saw him. Still can't believe it. So long, Bucket. You were a great friend.*

“ *I worked with Dan on quite a few DoD projects over the years, both in the US and one in Korea. I still remember getting teased by Dan because I kept getting lost trying trying to use a Korean GPS. Dan was a consummate professional who you could always count on to get the job done, no matter how complicated. You will be missed.*

“ I graduated from Gateway High School with Dan. For our 40th reunion he invited everyone to his room for “adult beverages” before the party. My husband and I stopped by. I knew Dan from school, but I didn’t know him personally. I don’t recall exactly what our conversations were, but I remember thinking to myself that he was interesting, entertaining and had a quick wit. I enjoyed myself and am thankful we had the opportunity to spend some time with him. It’s so sad. He was a very memorable person. I know he will be missed greatly. My heartfelt condolences to the Spicuzza family.

“ *I met Dan at Shippingport, and have been friends since. Dan was a part of our family, and always was always in contact with everyone. We had talked about going to Florida this week for the birth of my first grandson. This is still unreal. Dan was always the better friend. We love you. Thanks for the decades of laughs. Jack B. “ *Dan was a one of a kind. Just when you'd think that he was stereotypical, he'd fool you with his observations and outlook. I'm really going to miss our FB chats and his "sometimes" thoughtful FB posts.... when he wasn't hating on Tomlin 😞. Catch you on the other side. Bill Knopp, fellow classmate, class of 78.*

“ *Dan was one of my first mentors when I came aboard the USS Richard L Page (Dickey P as we called it) back in 1981! He was a smart guy but also a smart ASS! Lol He loved to prank the new guys and see their reactions! There were very few people I would ever want to cruise the Mediterranean with! He was a great friend, an awesome mentor and one Hell of a Shipmate!*

“ We've been friends since 1973 when we started 7th at South Jr. High together. His job had taken him all over the country. I moved to VA in 09 and we kept in touch on Facebook. We always went to dinner if he was working near by. When I would get back home we'd get together. Gonna miss you my old friend.
