“ *To My Uncle Don's dear sons and their families:
I am so saddened to see your dear Father has passed. He was
always my favorite Uncle. I have also found my "happy place" in
Erie, where I now live and work. I called your dad to let him know
and when he didn't reply I saw that he had passed. We shared the
same birthday and I always thought he was the most kind, positive,
joyful human being I have ever known.
Rest in peace, Uncle Don.
