“ Big Ed was like a father to me. I have only good memories of Ed and his large family. Ed was a man who got things done. My first job was working at his trucking company in 1976. While he was business minded he was also fun to know. One had better have some thick skin and a sense of mirth if working with Big Ed. He found ways to have fun with a person at work and make work enjoyable.

*I will miss his presence and encouraging words. His sense of humor and positive outlook on life were refreshing and a true pleasure throughout his life. Ed Malley was a great man and someone I truly appreciated.*

“ Oh I have so many memories of Ed, working for him for years he was dedicated to his shop and providing car service to his community and customers. I have many memories of Ed at the shop and all his family coming to see him whether it was business or pleasure. One of my best memories of Ed when I was going through a rough spot he spoke to someone who was considering renting to me and he put himself out there and gave me a really good referral. He would tell me you just have to get over this hump and you will be ok. He was right. Him and Kathy use to come see me at my second job and it was a relief always to see their faces sitting in my section. Ed and Momma Malley will always be near and dear to my heart. My deepest condolences and sympathy to Momma Malley and the whole Malley tribe. With love and peace... Tracy
