“ Dear Mr & Mrs Tucker, Jay and Randy. I am deeply saddened for the loss of Forrest. I called him Tuck. We spent many days together growing up. You're family has always treated me like their own. I have many stories I could tell. It would take too long on here. Tuck was a great friend and the smartest brother I've ever known. He could fix and figure out just about anything. His Motorcycle skills were unbelievable and we rode thousands of miles together. He was the pilot and I was co-pilot. So many great memories. I miss my brother very much. God bless all of you. RIP Tuck. Love you Brother.
