

Greta Danser

May 6, 2019

Greta (Sepesy) Danser, 90, of Spring, Texas, formerly of Monessen shared love and farewells with her family and left us after a short illness on May 6, 2019. She was born on Father's Day, June 17, 1928 in Coal Center, daughter of the late John and Dorothy (Clemis) Sepesy. Those who knew Greta enjoyed her laughter and enjoyment of life and love of people, her wonderful baked goods and meals, her thrill of a good sale and her impeccable looks. Always a hard worker, from employment in the RCA factory to creating her own catering business in Texas where she moved in 1978, Greta was always busy. She enjoyed family and friends and doted on her husband, Bob. After his passing, Greta joined women's clubs enjoying many outings, luncheons and dancing. She loved spending time in Pittsburgh visiting, cooking, laughing and shopping with her sister, Verna Mae. Never having had children, Greta shared a special relationship with her niece, Christine, and her great-nieces. Last June she was touched to share her 90th birthday surrounded by cousins and family. She was blessed later in life to enjoy the companionship, love and devotion with Ali Kahveci sharing in many joyous adventures. She is loved and will be missed by all her family and her Texas family of neighbors and friends. In addition to her parents, Greta was preceded in death by her husband, Robert W. Danser, and her brothers Jack and Ronald Sepesy. Surviving is her cherished sister, Verna Mae (Ray) Castner, niece, Christine (Paul Stolinski) Castner, and dear great-nieces Jessica, Julianna, and Justine Stolinski, loving companion Ali Kahveci, as well as nieces, nephews, and

cousins by the dozens. Friends will be received Tuesday May, 14, 2019 from 2-4 and 6- 8 p.m. at the GENE H. CORL INC. “ I have wonderful and loving memories of my Aunt Greta. She had such a kind heart. She remembered to send me birthday cards every year. I think of her fun sense of humor, around her I would always be laughing. She was, and still is, a light in the world. She was an amazing cook, and loved feeding people and giving happiness that way. She knew how to tell stories. I could never thank her enough for all her kindnesses and hospitality and love when I visited as a teen. I love you, Aunt Greta.

“Greta was our next door neighbor for over fifteen years and lived next door probably over 25 years. We were so lucky to have her next door. She was a great cook and loved to bake us banana bread. She was always so happy and active in the kitchen. She knew our favorite dishes and would always make them for us. We loved going to breakfast together, at Arandas, it was her favorite. I think it was the green salsa which was surprising. That’s where we would catch up on everything going on with our families. We had just gone to breakfast over a month ago. She loved us all, especially my kids, Megan and Daniel, and we loved her.

Greta loved dressing up in her bling, bling outfits and had every closet in the house full of her favorites, including some hanging in the garage. She loved talking on the phone, it seemed like she was always on the phone talking to someone different, and you had to wait your turn to talk to her. She was like a mother to my wife Trish, always giving her advice and a grandma to my kids Megan and Daniel even though she didn’t like being called grandma. She liked being called Auntie Greta, she didn’t like the sound of grandma, we think because it made her feel old and she always wanted to feel young and beautiful, which she was. My husband Jesse loved going over to help her with whatever she needed and she would always send treats over for the kids.

Greta loved our dog creamy, and would dog sit for us sometimes. She must have been giving her treats because the dog would go straight to her house sometimes. She loved to feed the birds and squirrels all the time.

We were lucky enough to go see her at the hospital, of course without her permission, because she wanted everyone to remember her as she was, always beautiful. Of course while we were at the hospital my wife Trish fixed her hair because she was still worried about looking good. We are so lucky to have stopped by because we got to laugh, hold hands, and cry together before she left us. Her loss was so sudden and unexpected, we were shocked, and will all miss her very much. The neighborhood will be incomplete without her. May she rest in peace.

Our deepest condolences to all her family.

Love Always,

Jesse, Trish, Megan and Daniel Valtierra

I met Greta at a dance about twenty years ago. Although there was a significant age difference between us we bonded immediately. She later invited me to her girl luncheon. When I arrived at the luncheon I was amazed at the amount of friends that Greta had accumulated since her husband's death. I learned that she catered events and that she was an awesome cook. Whenever she invited me to her home for lunch there was such an elaborate selection of homemade food. Each and every item was so delicious. My daughter who loves cooking as well joined me a few times for lunch at Greta's house. She and Greta would discuss various dishes. They grew quite fond of each other. As the years passed we did not see one another as often, but talked regularly on the phone. I was surprised when I learned that Greta was so ill. She rarely complained and always appeared full of enthusiasm and energy. She was an inspiration and a most admirable woman. I will miss her immensely. I send my heartfelt condolences to all the members of her family and Ali.
