“ So very sorry to hear of chookie’s death. I have known Chook and Joanie all my life, fine fun loving, kind cousin. I have so many fond memories around the Berry family table that I will cherish. He contributed to a very close family I recall as a child, memories I will always have. I pray Chook is at peace and Joanie will find comfort in the new normal in years to come . He will be missed RIP Chook

Life can be a challenge at times, so we all should treasure each and every moment. Chook was always one of the most Pleasant people to be around. I will be praying for you, and hope to see you soon. “ We met Chookie at our friends Tom and Mary Lou's home over 40 years ago. He had the coolest name (I never knew what his given name was until just now!) and became an instant friend. He was funny. He was kind. He was mischievous. He was a loyal friend. We lost touch over the years when he moved to SC. But, we always loved hearing about Joan and Chookie from Tom and Mary Lou. Our sympathy and love to Joanie. Rest In Peace, Chookie.

“ After over 50 years of Friendship with Chookie there are so many wonderful memories it's hard to think of just one. The most important gift he always gave us was his love & laughter. You will always and forever be a part of us, Tom & Mary Lou
