“ I'm so sorry to hear of his passing! Dr Duggan helped my former Husband and I in our hopes to have children, which we are blessed with 2 healthy Sons . We are forever grateful to his expertise in infertility. He was truly a compassionate, kind, helpful Doctor. Condolences to his family upon his death, rest in peace.

“ I just learned of Dr. Duggan's passing and I am deeply saddened. Dr. Duggan delivered all 3 of our sons, now ages 44, 37 and 31. When our youngest was born Dr. Duggan was off that day but he came in to deliver Joseph. He was such a kind, compassionate and caring physician. Dr. Duggan you are missed!

“ My heart is truly broken! Just loved him as a dr. Had several surgeries and a twin pregnancy. He has been my dr for over 38 years. Kind, caring, attentive, and just an amazing doctor. To trust your life with someone so talented and to be blessed by my 21 year old children. Just speechless at his loss. He will be GREATLY missed! The world needs more doctors like him. Forbes Regional was truly blessed to have him on their staff. I only wish I had a chance to say goodbye.

“ Dr Duggan was my doctor for 30 years. I am shocked and devastated to hear of his passing. This man was the most compassionate kind caring doctor that I have ever had in my entire life. He loved his family his children and his motorcycle which we talked about at my visits. He was truly an incredible human being and will be missed by many. Heaven truly gained an Angel! My deepest sympathies to Dr Duggan's family.

“ *Very sorry to hear this about Dr. Duggan, best OB GYN. Time has a way of catching us so off guard and unprepared. 30 plus years ago (although still seems like yesterday), our faith was in-trusted to Dr. Duggan and his experience to assist us in having a child. My husband was very excited, and I was nervous, many test, and time was tested as well.*

Dr. Duggans comfort and his confidence gave us hope. May of 1991 our Daughter was Born.

We felt blessed beyond belief, still do. We have lived all over the country and still thought his care and help in the gift we were given.

Not aware of the practice there as we are far from the PA area, but have had the Ob practice on my mind well over a month, to reach out for questions that have risen. So shocked to see your Husband, Father, and Dear Family Member as well as Physician in Greater Pittsburgh area.

There are no words to express the loss you are feeling. Sixteen months ago my Husband died unexpectedly, he was 73, always felt Dr Duggan was younger than we by many years. ❤️. Patricia Wierzbicki

“ I am so sorry for your loss. Dr. Duggan was my ob/gyn for 4 years and I trusted him with my life and my baby's life. He was the best Dr in the entire world. My baby was born 6 weeks early and he couldn't deliver him because I had to deliver at West Penn. At all of my postnatal appointments he made sure I understood everything going on with my son while he was he was in the NICU, understood everything going on with the heart conditions he had and he comforted me and hugged me multiple times at each appointment. He was like a grandpap to me and not just a Dr. He was so thorough in all of his treatments and he listened to every concern I ever had. I truly feel this loss and I am devastated to have lost such a dear part of my life. I had no idea he passed away or I would've come to the funeral in person and paid my respects and let you know in person how much he meant to our family. He will be cherished forever. I am so sorry for the deep loss you all are experiencing. My deepest condolences and prayers for your family.
Sincerely, Leah Suter and Family

“ My deepest sympathies to Dr. Duggan’s family. My father, Pierce Soffronoff, worked with Dr. Duggan for years, and he was always so highly regarded by my father as a colleague and friend. Dr. Duggan delivered my daughter 7 years ago, and he took such wonderful care of me and my baby. I will never forget the picture I took in my head of him holding my daughter right after she was born, and him showing her to me behind the c-section curtain, with the biggest smile on his face, with his eyes smiling too with such kindness. My dad couldn’t be in the OR with me because only one person was allowed in the room with me, my husband, but having Dr. Duggan there meant the absolute world to my father. I will never forget the compassion, concern, patience, professionalism, and kindness he exhibited as a doctor. He was just the best! I know my dad is happy to have his friend with him in heaven! But I know his family will miss him so dearly, as we miss my dad, who passed away last March. I love to picture them talking and laughing together in heaven. I’m praying for all of the Duggan family. May the Lord bring you comfort and peace in the way that only He can.

“ This man was the best doctor! This news truly saddens me. I was terrified when I found that I had many uterine fibroids (some of the largest he had ever done surgery on). He and his staff took such good care of me, and I will never forget his kindness, smile, and compassion. This wonderful man and doctor is going to be truly missed. I still cannot believe this news. Prayers and love to his family.

“ So devastated to hear of the loss of Dr Duggan. He was so kind and went above and beyond to help me when our unborn daughter Lucy Rose was diagnosed with Trisomy18 at 20wks. He supported and helped us all through the pregnancy and delivered her when she passed in utero. My memories of his kindness, his gentle smile and sense of humor, his hopeful, encouragement through everything, and his motorcycle will stay with me forever. Mary and the family, my heart is broken for you. Love and prayers, Christi Langan

“ Dr. Duggan was the kindest, most companionate doctor I've ever had. My last pregnancy was hard and he saw me through to the end. He went out of his way for me on numerous occasions & always took my concerns seriously, no matter how small. His shoes will not easily be filled. James started out as my doctor, but became my friend. I am deeply saddened to hear of his passing. The world has lost a wonderful person, but heaven has truly gained an angel. May you forever rest, Dr. Duggan.

“ Wise, gentle, and compassionate are three traits that come to mind quickly when thinking about Dr. Duggan. He was an amazing physician, teacher, colleague, traveler (both in life and on a motorcycle!) He certainly made the world a better place and will be greatly missed. My thoughts and prayers are with him and his family. Rest in Heaven's Glory Dr. Duggan!

“ So sad to hear of Dr. Duggan's passing. It's been 28 years, but Dr. Duggan delivered my second son after a difficult beginning to the pregnancy. He was so caring at my visits afterwards when I was trying to decide whether to have a third child. I had moved on to another practice a few years ago but never forgot him. And I loved the fact that he would ride his motorcycle to work! My sympathies to the family. God Bless.

“ Dr. Duggan was my ob/gyn for nearly 38 years, but I considered him a friend. We would always catch up on our families and his latest motorcycle adventures. If I was uncertain about a medical decision, I'd always ask what he would tell his wife or daughter in the same situation, because I knew he was trustworthy. I feel a profound sense of loss. My prayers are with Mary, his family, and colleagues at East Suburban. Enjoy your heavenly ride my friend.

“ Dr. Duggan helped me through the loss of my baby at 39 weeks and 5 days and supported me thorough my next pregnancy. He monitored me closely and took every concern I had seriously. He even came to the hospital on Thanksgiving day to monitor me and he did a very long ultrasound himself, just to calm my nerves. I am forever grateful for his kindness. He will be missed.

“ I worked as a post partum/ nicu nurse at Forbes! Dr Duggan was among the best! He had handwriting you could actually understand and was very thorough and organized!
My husband loved motorcycles and we would discuss them all the time! When I retired recently and asked him why he hadn't during the pandemic, he said he could not because he was thinking about his colleagues and his patients! He was so dedicated and kind to his patients!
I am sure you are riding up there to symphony music! My sincere sympathy to his family!

“ Just 5 short months ago Dr. Duggan delivered my sweet little girl Luciana. We had difficulties having our second child and suffered many many painful losses. Dr. Duggan was the only one who would listen to us and because of that we were able to welcome Lucy into the world. Throughout my pregnancy he knew the anxiety I had and did everything he could to make me feel more at ease. He rearranged his schedule to fit me in weekly for almost 9 months even when he was on the operating schedule he came to the office for me. Lucy decided to enter this world 3 weeks early. At 4am a called was made to Dr. Duggan (on his day off) and I was in the OR by 6am with his smiling face awaiting to bring my little miracle into the world. He took care of me and treated me like he had known me my entire life. Not only was he an amazing doctor but he was an amazing person. We would have many off topic conversations during my appointments and he was always so proud to talk about his family. He has made such an impact on so many people's lives and will greatly be missed. This is the photo right before we were ready to take Luciana home. My condolences to his family and friends. There will never be anyone quit like him!
