“ I have a lot of memories of Karen, fond memories. Karen and I were very close in nursing school, we always studied together, and "hung out" . She was such a positive person, even with the illnesses she encumbered in her early 20,s. She would always come to my house, since I was going through a divorce and had 3 small boys to care for. One time she made lion pillows for my boys with their names on them and they were thrilled!!!! As you know, she was an excellent student, many days and nights we spent writing our care plans, oh my. I actually recently found a photo of us at our graduation ceremony and she has been on my mind. I regret not having kept in touch with her!!! I am so very sorry for your loss, my thoughts and prayers are with you all. R.I.P. my dear friend and thanks for the memories and for all your support!!!!
