*Marilyn will truly be missed, not only as my leader at Humana but as a mentor and friend. She was the most positive person I have ever known and I intend to honor her memory by trying to live live the way she did. My condolences to her family as I can't begin to imagine the loss you are feeling at this time. The thing about Marilyn is she would be more worried about all of us greiving than anything else right now. She was a special soul and will be missed!*

*Marilyn was a beautiful soul. She was one of the first welcoming voices I had at Humana and quickly became one of those "go-to" people and was full of compassion, grace, and just an all-around terrific person. My heart goes out to her family.*

“Marilyn and I started our nursing careers together at UVA Hospital in Charlottesville VA. We quickly became friends and later roommates. She was the maid of honor at my wedding. She was a wonderful friend. We never lost touch over the years although distance kept us from seeing each other. She always made me laugh and had such a warm and infectious smile. She got me through some tough times in "becoming a grown up".

*I am so sad she left us, but I am a better person for having had the opportunity to spend time with her. My deepest sympathies go out to her family and friends.*

*We called each other "Jean" for reasons I can't even remember along other of our nurse friends. All we had to say was "Jean!" and it represented an era in our lives we thought of fondly. So, to Marilyn Jean - I will miss you greatly. Thank you for being a part of my life and many happy memories. Your legacy will live on.*

“I worked with Marilyn at Humana. She was a great support to me as a manager, and she made a huge impression on me as a truly caring and sincere human being. She was always warm, accepting, and encouraging. I am truly shocked and saddened by this news. My thoughts and prayers for peace and healing are with her dear family and friends at this very difficult time. Marilyn will be dearly missed by many, though her legacy of love and kindness will live on forever with each of us who have been blessed to have her touch our lives. - Chris Wissell

“My deepest condolences to Tom, Corey, Kayla, Chris, Dianne, Ellen, and all of Marilyn’s loved ones and friends... there aren’t enough words to express how sorry I am for your loss. She loved you all so much and often shared your accomplishments with us. The first day we met her she shared a family picture and talked a little about each one of you and how proud she was of you. When she got to Christopher she told us how he was “the heart of your family.” Marilyn was my boss for the past several years. Our Trendbender team was like family because Marilyn created a culture of trust and acceptance. We felt safe, supported, and validated under her leadership. She truly cared about us and our teams and was always available if we needed her. She was the best listener!!! She held our teams accountable and was firm when needed, but always kind and fair. She made work fun and had a great sense of humor. I will miss her laugh. She helped make complicated things simple and there was never a question or issue that Marilyn didn’t have or get the perfect answer to. She always had the right words to say and treated everyone with dignity and respect. Marilyn was like a nurturing mother to our team and we are all stronger, better people because of her exceptional example and leadership. I am honored and feel truly blessed to have known her and work under her, even if for a short time. There is a huge void in the Humana family without Marilyn, but her spirit lives on in all of us who she motivated and inspired. Marilyn, I aspire to be just like you. Thank you for believing in me and for all your wise council. I miss you already. This is a temporary separation. I look forward to the day I will see you again on the other side. Heaven has a beautiful angel... I love you, Tami Machado

“ I had the privilege meeting Marylyn and Chris last year at CCD. When I met her .. We clicked instantly. I saw the kindness in her eyes and in her heart. We talked every Sunday about being raising our children. I believe God puts people in your life for a reason. Marylyn was in mine to let me know that I am not alone with the struggles that are faced when raising our children that have different needs. She helped me emotionally and spiritually. Thank you Marylyn for letting me be s part of you and your families life. I will miss talking to you and sharing our stories ., may you rest in peace with gods loving arms around you. ... Cat
