“ I can't imagine how it will be now without having Mary Lou (ML) in my life. She was part of our group of girls from Research Underwriters who have stayed in touch for over over 30 years. We would get together for our dinners and drinks and laugh until our faces hurt! The memories I will have will bring smiles and now tears for the dear friend I will miss so much. My life is better for knowing her and I will treasure my memories forever. Until we see each other again my dear -- you were very loved and will be very missed...

“ *Mary Lou was the first person I met when we went to PA after the prom.
Got into trouble with folks. Called them from her house.
We had so many great times together both in PA and in Chgo area
Going to Mikwaukee races in motorhome and hiding kids in the bins
so we wouldn't have to pay for them...bad!!
So blessed we kept in touch all these years. She was such a special
soul with a heart full of love for her family.
May your special memories surround you and be a comfort to you.
Keep her special smile close to you always.
May God bless the family and help you through your grief.
Our love and prayers.
