“ My favorite memory of Melinda was literally every single time I saw her. We would always laugh about all of our past memories. We went to France together after high school graduation and finally got to see the Bayeux Tapestry! When that guy got super mad at us and said “Silence s’il vous plaît!” We laughed about that for years. So many great memories were made there and Melinda got to spend much more time in France after that. We used to love the song “Les temps de cathédral!” When we were in college it was very obvious that the rest of the students were more fluent than us in French and that never bothered Melinda at all. She always tried her best and that’s what meant most to her. You could tell her passion for the language and culture would let nothing stand in her way. She was always positive no matter what. I will always remember her for being one of the most fun people ever. ❤️

“ Brooke and Melinda spent many nights at my house playing with my kids. They were both like family to us. Melinda was such a sweet little girl and had blossomed into a beautiful young lady. My heart and prayers go out to her twin sister Brooke. Live your life for both of you. All my love Debbie Katz

“Where do I even start with this sweet angel. I first met Melinda at our Explore exchange program in Montreal, actually one of my first friends there! I remember the first day we arrived in Montreal and she had already lost her wallet. I didn't really know Melinda at the time, but for some reason I thought, “what a Melinda move”. Although it may not have been easy to have lost such a prized possession in a city where you don't know anybody, she was such a boss and handled the situation so well. Her sarcastic personality and amazing skills in the French language was when I instantly knew we would be such good friends. Although I was absolutely terrible in French, Melinda was always one to have my back, even though I looked very dumb around her. It was never a dull moment with Melinda, we would always laugh. Even when I spot her from a mile away, she just put a smile on my face. Her sense of humour and genuine laughter was one of my favourite traits about her! She was known as our Token American in the program, and wow she truly proved that she is a special one. I have never met such a beautiful, kind, down to earth, hilarious, easygoing, clumsy, extremely smart and fun person, you will truly be missed my girl. Even though I've known Melinda for a short period of time, she will always have a special place in my heart. I am so incredibly lucky to have had met such an amazing human being and Melinda you will continue to inspire me. Sending condolences and prayers to all of Melinda's loved ones. ❤️

“*Melinda was one of my best friends in the world and one of the best friends I'll ever be lucky enough to have. She was incredibly kind and smart and funny and I feel grateful beyond words that she was a part of my life. We attended Pitt together and met because we lived on the same floor during our first year. We shared so many wonderful memories together at the University. We became roommates and loved to explore Pittsburgh together, and even got to spend time exploring parts of Europe together with another one of our good friends. I am so thankful for all the adventures the three of us shared over the years. Melinda always pushed me to grow and be a better version of myself. I'm so grateful she and her amazing sister Brooke took me into their friend circle and made me feel a part of their family. While I am devastated she's gone, I know I will ultimately always be so incredibly thankful for all the time we shared together.*”

“*My first memory of Melinda was her father calling me to brag how beautiful his newborn twin girls were. My last memory of her was the time we spent together laughing so hard following her father's wedding to Lisa. They say the angels in Heaven are beautiful, now I know they are.*”
