“ *I have known Mike since we were kids and am going to miss the little talks we had when I would get off work and would be walking down the street to go home! He was always interesting to talk with and we would catch up on everything going on with the two of us in our lives. I will remember Mike as being a really smart guy who had a wicked sense of humor! He is going to be missed a lot but none more so than his father.*

*Our condolences to the family!*
