“ TK, where do I begin?
I Remember first meeting “Mr. Klazer” through my older brother, who had him as a teacher at Northern high school, and get old Calvert County! As often happened with this guy that evolved into a friendship.
When he became my teacher, I got a glimpse at who he really was. He was Passionate about what he did educating and at the same time understanding that some kids just couldn't cut open a frog! 😂 (he passed me, even though I had to stand outside the class because I couldn't do the dissections)
Even here you learned about him that somehow he always saw the greater good.
As a friend later in life, he was just that guy that was always there for you. He would listen, he would share, he would hear you and he was always there with a smile.
You're one of the good ones, my friend and you'll be missed here!

“ Terry was a close friend of my brother Jim--I'm sure they're having a grand reunion beyond the veil. He was a frequent visitor to our home and accompanied me to the Medallion Ball over 50 years ago, all dressed up in a tux. He directed our senior class play, *The Man Who Came To Dinner*. We loved working with him and will miss him dearly. Continue your great work on the other side, dear Terry. Until we meet again.

“ Terry Klazer was one of a kind. An all around good guy who caught me trying to cheat on a biology test at St T's but his comment was said in such a way as to not embarrass me. I know many of us remember fondly the weekend retreats to the farm in Somerset. And when his cat had kittens, I was lucky enough to bring one home (she was the best!).
Eternal memory and blessed repose.

Terry was a very good friend of my brother Bob's. My sister, Mary Pat, and I were younger and he made us feel welcome and part of the group.
When I heard of his passing I was saddened to the point of tears. He was thoughtful and kind. He was comical and fun to be around. I have very fond memories of him and he will be missed.
Rest with God, Terry ☹️🙏

“ I remember a cool story Mr. Klazer once told me. He ditched school to run around a University of Pittsburgh biomedical building. While he was sneaking around a doctor came up to him and asked him what he was doing there. Turned out that doctor was none other than Jonas Salk lol.
